Request for Proposal
Question & Answer Document**

What is the CAP for this project? Although there is not a defined cap for this program, we are estimating approximately \$30,000 in training costs and an additional amount to cover the cost of the service until the client has been approved for medical assistance.

Do we need to be an existing MA provider for services? Will you accept a provider that offers services similar to this that would be willing to be trained in this model but does not have an MA license. This is a service covered by medical assistance and a provider with a Medical Assistance license is preferred.

What is the funding period for this RFP? It is hoped to have the contract in place by December 1, 2021, with a renewal at the start of the fiscal year.

What is the dollar amount/funding limit associated with this RFP? The funding amount for the Request for Proposal includes the cost of training staff in the model. The yearly budget should not exceed \$50,000.

What are the expectations on startup referrals? For example, is it expected that referrals to ramp up over time or is there an internal waiting list ready to go in the fall? It is expected that referrals will ramp up over time.
